

A Walk in the Park

Pledge Sheet

Walker	
---------------	--

The aim of the walk is to have a pleasant walk on the trails and raise funds for our two community groups.

The Cole Harbour Rural Heritage Society operates the Cole Harbour Heritage Farm, a community museum dedicated to preserving and interpreting Cole Harbour's agricultural past, and to developing understanding of plants, animals and farming today. One of the major independent off shoots of the Society was the formation of the Cole Harbour Parks and Trails Association. CHPTA is an all-volunteer association that has built numerous trails in the Cole Harbour area. Both groups are certified provincially and as charitable organizations with the CRA.

All funds raised in this fund raiser are split equally between the Cole Harbour Rural Heritage Society and the Cole Harbour Parks and Trails Association for their on-going operations.
